After signing in to your Google Account with your username and password, Google will ask for a verification code generated by your Google Authenticator app on your phone account.. Any disputes covered by an unenforceable Class Action Waiver can only be resolved before a competent court, but the remainder of the agreement will simply be binding and enforceable.

2. [google authenticator barcode](#)
3. [google authenticator app](#)

For me This also means that I can delete an entire app from my iOS device home screen because I no longer need either Authy or Google Authenticator.. I can just use 1Password Alternatively, you can also set WinAuth to encrypt files that can only be used on the current computer, but using password protection is much more cost-effective.. In such cases, you and Eid agree to submit to the personal jurisdiction of the courts of the Province of Ontario and agree to waive any objection to the exercise of the parties jurisdiction by such courts and jurisdiction in such courts.
